Student Focused Programs

Bachelor of Science in Geographic Information Science
Bachelor of Arts in Geography (online and face to face)

Minor in Geography
Minor in Environmental Studies

Certificate in Geographic Information Science (online & face to face)

From an alumnus: "I've felt a strong connection with all of my professors. I really respect them. I feel like they've gone out into the world, experienced things, and then brought that knowledge back with them. I could not have chosen a better department to graduate from"
Successful and Fulfilling Careers

Our recent alumni work in many different fields and go to graduate programs around the world.
Globally Engaged Faculty

Dr. Paul McDaniel
Matthew Waller
Dr. Garrett Smith
Dr. Matthew Mitchelson
Dr. Jason Rhodes
