Minimum Technology Requirements

Online learning requires access to computer resources. Generally, basic standards include a computer (either a PC or a Mac) that is less than five years old, equipped with at least Microsoft Office 2007 (including Word, PowerPoint, and Excel) and recent versions of free media players.

Your internet connection will also be important to your ability to access information. A basic dial-up connection will not be satisfactory. Some audio and video files would take a very long time to download over slow internet connections. A high-speed internet connection is highly recommended for taking online courses.

Minimum Technical Skills

Online courses normally require participants to have average computer literacy. Students should be proficient with the basic functions of standard software packages (e.g., MS Word, MS Excel, MS PowerPoint, and Adobe Reader) and standard players (e.g., Windows Media Player, QuickTime). These programs will need to be accessible to students through home use or other computer access. A list of primers on many of these technologies is available at https://apps.kennesaw.edu/portal/prod/app_uni_cdoc_publ/documents/

A working knowledge of the D2L learning management system is required for participation in online courses.

Student Responsibility

Distance learning requires more individual discipline than traditional classes, and requires that students have at least some control over their time and schedule. It is not easier or less time than face-to-face course. During each week, students are expected to:

- Follow the weekly schedule
- Study the assigned materials, such as read textbook chapters and listen to voiceover lectures
- Complete and submit assigned blogs and quizzes (as well as exams) on time

Tips for Effective Online Learning

For an online class, students can really enjoy the benefits of learning at your own pace and in whatever environment that you choose. Below are some tips for effective online learning:

- Check course D2L website regularly.
- Always be aware of the current status of the course.
- Begin your work early. If you can start a task early, don't start late. Assuming you spend the same amount of time completing the task, starting later will be much more stressful than starting early. Never wait until the last minute to begin an assignment! You'll have no turnaround time if you need help or something happens.
- Work closely with your instructor. If you have any pedagogical questions, please do not hesitate to email me.

Course Delivery

This is an online course. Our online week is Wednesday at 8:00pm to Wednesday at 8:00pm.

Weekly Learning Modules will become visible around 8:00pm each Wednesday. You choose when you access the content within the given time frames. Review of the weekly assignments should take you around 6 hours per week, although it is advisable to plan for possible breaks, interruptions, and technical difficulties. In other words, waiting until the last possible moment to access the material may result in missed information and grades, resulting in a lower course grade. You should expect to spend a total of 6 or more hours per week on this course, including reviewing materials, completing activities, and reading textbook. If you foresee possible scheduling conflicts for a certain week, it is advisable that you take steps to be able to turn in your assignments on time.

An atmosphere of mutual trust is essential to the success of this course. Students are required to respect each other's opinions. Expressions of intolerance are discouraged. Abusive, profane, and threatening language will be reported to the Department of Student Conduct and Academic Integrity (SCAI) (KSU Student Code of Conduct is available at <https://web.kennesaw.edu/scai/content/ksu-student-code-conduct>).

© Notes and recordings of this course are used for personal study only; no part of this course may be reproduced or transmitted in any form or by any means electronic, manual, or mechanical (including note taking, recording, downloading, or by any information storage and retrieval system) for purposes of monetary gain without written permission from the instructor.

Course Assignments

1. Online reading quizzes (11 points each \times 10 = 110 points)

Students are required to read all reading assignments on weekly base, and to finish all online reading quizzes within the designed week through the semester. Online reading quizzes will be available on Wednesdays around 8:00pm, students can take the quiz anytime they prefer in the following days till next Wednesday at 8: 00pm.

For whatever reasons, there will be NO makeup for online reading quizzes, but the lowest two will be dropped.

2. Blog assignments (10 points each \times 10 = 100 points)

Students are required to listen to voiceover lectures on weekly base. All blog assignments will be based on the relevant assigned readings and voiceover lectures.

To complete the blog assignments, students are required to surf the Internet for an image of architecture, art, or an artifact from the period, culture, and/or topic discussed in one of that week's learning modules. The image will be copied and posted to the Virtual Museum with a short paragraph (150 or more words) explaining what this image/object tells us about the people who created it. Students CANNOT post an image that has previously been posted by themselves or a classmate. In addition, students will comment upon TWO of their classmates' original postings (see the **Virtual Museum Instructions** in the Learning Module of Pre-history for more information).

To earn your blog assignment points, you have to post an image related to the assigned topic (based on the related voiceover lecture and the assigned reading materials), provide an explanatory paragraph, comment on two of your classmates' original postings, all before due time (see **Blog Assignments Rubric** for more details).

Blog assignments will be available on Wednesdays around 8:00pm, students can work on the blog anytime they prefer in the following days till next Wednesday at 8: 00pm.

Late posting/comments will not be accepted; no make-up for blog assignments either; but the lowest two will be dropped.

If you find you do not know how to post image on course D2L website, please call 470-578-3555 or email at studenthelpdesk@kennesaw.edu for help.

3. Exams (120 points + 120 points + 150 points = 390 points)

There will be three exams: two midterms and one final. All exams consist of multiple choice questions only. Exams will cover both online lectures and reading assignments, a lot of information covered in online lectures cannot be found in the textbook.

All exams are online. Online exams are **NOT** open-book exams. Online exams are individual assignments. No student shall receive, attempt to receive, knowingly give or attempt to give unauthorized assistance in the exam. Detection of any form of cheating will result in a failing course grade and will be reported to the Department of Student Conduct and Academic Integrity (SCAI).

All exams are non-cumulative. The Final exam will only cover materials after midterm 2.

Make-up Policy

1. NO MAKE-UP EXAM (except for documented emergency or illness that is reported on or before the exam day, makeup exams usually include ID questions or essays only and should be taken on Kennesaw campus within ONE week after the missed exam).

2. A request for a makeup exam, which includes your name, telephone number, e-mail address, and reason for missing the exam, written documentation and/or other evidence of circumstance such as a doctor's note, newspaper obituary, court receipt, etc., and a telephone number for verification of your claim will be required by the instructor in order to consider your request for a make-up exam. In the case of all documentation, students are required to bring both the original and a photocopy for the instructor to keep. Failure to provide all necessary documents will result in some form of penalty, including the refusal of a makeup exam. Students are almost never allowed to make-up more than one exam during a semester.

NO EXTRA CREDITS.

Scores of online reading quizzes and blog assignments will be available sometime after the availability period has ended. Scores of exams will be available online about one week after exam time.
